SECRET/NOFORN

PROJECT SUN STREAK

WARNING NOTICE: INTELLIGENCE SOURCES AND METHODS INVOLVED

PROJECT NUMBER: S3 TRNG

SESSION NUMBER: 1

DATE OF SESSION: 880928

DATE OF REPORT: 880928

START: ~~0800~~ 0850END: ~~1000~~ 1000

METHODOLOGY: CRV

VIEWER IDENTIFIER: 032

1. (S/NF/SK) MISSION: Access and describe in a stage one sense training target 1060, Cape Charles Lighthouse.

2. (S/NF/SK) VIEWER TASKING: Encrypted coordinates 3807/7554. Stage three movement exercises:

1. "40 miles to the east something should be perceivable" - Atlantic Ocean.
2. From the original structure "17 kilometers to the northnorthwest something should be perceivable" - Racetrack.

3. (S/NF/SK) COMMENTS: Excellent stage three session. 032 adhered to structure. On the first movement 032 perceived a land/structure interface, a problem previously encountered on this site due to the sand bars and ocean floor debris and cables in this area so this ideogram was not further decoded and the next movement was initiated. The second movement was successfully completed with good stage 3 sketches provided.

4.4. EVALUATION: 3.
